Experience

Full Stack Developer Intern
Axidio
Jun 2022 - Aug 2022 (3 months)
Worked on Axidio's Retina Partner Portal. Frontend was implemented with ReactJS where I made modifications to and fixed bugs in the UI. At the backend NodeJS was used. I successfully implemented User Login and Registration, where encrypted user information was stored or to be stored on a MongoDB Database. Also implemented JWT Generation and Authentication along with Refresh Tokens. Also fixed existing bugs and made changes to routing.
